

“Ebony'e is one of the most talented and gifted Artists I've had the pleasure of working with. As a songwriter, and producer it's always a special treat to record someone who's voice is pure, and doesn't need much adjusting. Together, we recorded an original song titled "Heard it all before". From the very first note I knew she was going to kill it. And she did. Ebony'e absolutely slayed the song and took it to places I didn't even imagine. Look out world! Make room at the table, Ebony'e has arrived” *Anthony Houston*, Producer

“Ebony’e is a sultry and clever vocalist who I have had the privilege of working with. Her efficiency in the studio is a sight to behold. She’s a pro.” *Madukwu Chinwah* (Grammy Award Winner) President/CEO V.I.M.G Vanguard International Music Group

“She has a golden voice, a voice you can just out on and listen to.” *Thaddeus Tribbet*, Grammy Award Winning Musician

“Some can sing well in the studio...others just perform well on stage, but Ebony’e can SANG anywhere someone is listening.”- *Derrick Walker*, Public Relations/marketing manager.
